

Safety Precautions and Guidelines for Library Visitors:

In order to maximize the health and safety to you, staff, and other patrons, the following guidelines are in effect until further notice:

- If you have any signs or symptoms of illness, please do not visit the library.
- Library staff and visitors are required to wear a mask and maintain six feet of social distance from others when practical.
- Sanitizers are available at our entrance and service desk. Wash your hands often or use hand sanitizer after touching library materials.
- Library material is quarantined for 3 days (current recommendation from Reaching Across Illinois Library System) before they are cleaned and returned to library shelves.
- Library pages wipe down carts after every shift.
- Library staff clean the library once every day and clean high touch areas once every hour.
- Public computers (mouse, keyboard, counter) and copier will be cleaned after every use. Seating and computers have been moved and rearranged to maintain social distancing.
